

RT2 Series

Retractable Gear Attachment Systems

First engineered for SCUBA diving, the Gear Keeper is a rugged, retractable gear attachment system, designed to utilize and protect gear in severe environments with maximum break strength and durability.

The Gear Keeper is at the core of an extensive product line that boasts an impressive array of benefits and features. A **patented flushing system** that clears sand and debris from the unit, and is **salt-water proof**. A **patented Q/C Connector System** that provides quick and easy connection/disconnection of gear.

The RT2 Series features **60# (27 Kg) break strength**, stainless steel nylon-coated cable and a high-impact housing. It's available in multiple retraction forces and mounting options.
